

Questionnaire

1. What are the three regional offices for license applications and renewals?
Which one is yours (provide an entire address for your regional office)?

2. What date does this cycle for CEP points end?
3. What is the name of our new Wells and Groundwater Administrator?
4. Where can you find GPS apps to download?
5. What units must be available on the GPS app that you choose?
6. Should you rely blindly on the accuracy on your GPS readings?
7. Name three things that may interfere with GPS readings.
8. What common sense step can you take to assure you probably have the right reading? (Hint - check under "Tips for Choosing a GPS App")
9. When setting up your GPS you have to:
 - a) Set units for UTM (not longitude and latitude)
 - b) Make sure you have the right date and time on your phone
 - c) Make sure "Datum" is it suitable (WGS 84 or NAD 83)
 - d) Make sure units are in meters
 - e) All of the above

10. Where can you find well and pump log forms?

11. What is the civic address to where you send your well logs if you are using Canada Post?

12. What is the email address where you send online submissions of your well or pump logs?

13. Are there any changes to the Well or Pump log forms that you would like to see implemented?

14. What is considered a healthy profit margin for growth of your business?

15. Where is the next meeting going to be held?

***BONUS QUESTION (Optional - worth 5 points)**

Send a well or pump report using the online option with a DIGITAL SIGNATURE to Nova Scotia Environment and Climate Change (NSECC) and to Nova Scotia Groundwater Association separating the addresses with a semi-colon and space (not CC or Bcc)

Example: welldata@novascotia.ca; nsgwa@ns.allianzinc.ca

This needs to be an actual log from a real installation that has not been submitted yet. Okay send it off
